Subject: Faculty Council Legislation D14903 - 14905: Recommend Approval

Dear Janet,

You had asked that our office review the referenced faculty legislation entitled Technology-Enhanced Education Oversight Committee Proposal To Create Policies on Polling Technologies And Copyright Ownership Of Educational Content. We have done so and recommend approval subject to the suggestion that I talked with Michelle George about a few weeks ago and that she in turn discussed with you. I suggest that you ask the Committee to add a provision on D14905 that allows for exceptions if the faculty member and institution agree since we have had situations in which the Office of the Provost has paid a faculty member to create educational content with the expectation that it could be used by the institution freely based upon its dedication of such resources.

Thanks very much,

Patti
