PROPOSED NEW CATALOG TEXT

Digital Media Minor

The Digital Media Minor in the Department of Radio-Television-Film provides a selection of courses that will cultivate students’ understandings and abilities in a general area recognized as digital media. The courses in this minor emphasize a) knowledge of how communication technologies have developed historically; b) their social and cultural functions and dynamics; c) how specific communication and cultural industries operate and evolve in a global environment; and d) how elements of art and design figure into expressions of and interactions with digital media. Students completing this minor will gain advanced skills in digital media domains including social media and new media industries. They will also examine ethical issues developing around the new media environment.

This program is open only to students who are not majoring in RTF. Applicants must have a 2.5 cumulative grade point average. The Radio-Television-Film Department reserves the right to limit the number of students accepted as Digital Media minors. If demand exceeds space available, students will be selected based on a review of a student’s academic record. Acceptance into the minor does not come with preference or guarantee of a seat in any RTF course.

The minor requires fifteen hours of coursework, with at least nine hours being upper-division and least nine hours completed in residence. All courses must be taken for a letter grade, unless the course is only offered on a credit/no credit basis. Only courses with a C- (or CR) or better will be counted toward the minor. Students must petition to the faculty committee in advance if they wish to substitute another internship course in place of RTF 330M.

Students must take the following coursework:

1. Radio-Television Film 326C.
2. Three hours from the Industries and Practices cluster of Digital Media courses: Radio-Television-Film 331N.1, 347P, 359.7, 365.9, 365.10, 365C.1.
3. Three hours from the Art and Design cluster of Digital Media Courses: Radio-Television-Film 331M.1, 331M.2, 331P.4, 345C.
4. Three hours from the Cultures and Social Change cluster of Digital Media courses: Radio-Television-Film 331P.3, 359.5, 365D.3.
5. Three additional hours in a related area: Radio-Television-Film 330M, 329C, 344M.5, 351C.

¹ Proposed Policy on the Recognition of Undergraduate Academic Minors on Official University Transcripts as Approved by the Educational Policy Committee ([D 10359-10361](#)):

- A. Minimum Criteria for a Transcript-Recognized Undergraduate Academic Minor
 - a. The transcript-recognized undergraduate academic minor must be completed in conjunction with an undergraduate degree at the University of Texas at Austin; students pursuing an integrated undergraduate/graduate program must complete the requirements for the minor within one year after completing the undergraduate requirements of their program.
 - b. Transcript-recognized undergraduate academic minors must require a minimum of fifteen hours of course work but not more than eighteen hours. None of the specified coursework for the minor can include unnumbered topics courses. Minors will include a minimum of six hours of upper division coursework except in cases where students are pursuing a minor in a foreign language. In those instances, the minor must include at least nine semester hours of coursework beyond first year competence in a foreign language, including at least three hours of upper-division coursework.
 - c. At least half of the required course work in the minor must be completed in residence at The University of Texas at Austin.
 - d. A student may not earn a minor in the same field of study as his or her major, and at least nine of the hours required for the minor must include coursework not used to satisfy the requirements of the student's major. However, courses in the minor may fulfill other degree requirements such as general education requirements or required elective hours.
 - e. Students apply for transcript-recognized undergraduate academic minors at the time they complete their undergraduate degree. Transcript recognition is awarded at that time.
- B. Approval Process For Transcript-Recognized Undergraduate Academic Minors
The requirements of transcript-recognized undergraduate academic minors shall be listed in the undergraduate catalog, with proposals reviewed and approved by the Committee on Undergraduate Degree Program Review (CUDPR) and subsequently sent to the Faculty Council as minor legislation for approval. Proposals for these minors are required to obtain prior approval from the sponsoring college(s) or school(s).

Program proposals submitted by the offering unit (e.g., the department or academic program) must include a statement of objective and need (expected demand), anticipated enrollment capacity, academic course and other requirements, the field of study (and CIP code), and the composition of the minor faculty committee, including the committee chair. Proposals for a transcriptable minor should describe the admissions process (if any) for acceptance into the minor. In cases where minors are offered in the same field of study as a major, the faculty of the unit offering the major will de facto constitute the faculty committee for the minor, and the department chair (or designate) will be designated as the

committee chair for the minor. The committee must have a minimum of five members, and at least two-thirds of the committee must be tenured or tenure-track faculty.

Once approved, programs are required to submit a report to CUDPR every four years. The report must list the current chair and all committee members and include the number of students completing the minor in each of the prior four years. If the committee plans any changes in the requirements of the minor, these changes should be explained; changes require the same approvals as an original application, that is, approval by the college(s) or school(s), CUDPR, and the Faculty Council.

C. The Certification Process for Students Completing the Requirements for a Minor

Certification of completion of the requirements is done by the program's faculty committee chair (or the department's undergraduate advisor). An application for the certification of completion is initiated by the student and submitted to the chair of the faculty oversight committee at the time they complete their undergraduate degree or the certificate program, whichever comes later. Transcript recognition is awarded at that time.

Application for certification must be made directly to the academic unit offering the minor and is not a substitute for the application for graduation required by a student's degree-granting school or college. After approval of the student's application, the Office of the Registrar will be notified so that the minor can be shown on the official transcript.

² Transcript-recognized minors will not appear on the University transcripts until next catalog.

³ Use the federal CIP code selector site to pick a code, <http://nces.ed.gov/ipeds/cipcode>. After all other areas of this form are completed, forward a copy to the Office of Institutional Reporting, Research, and Information Systems (IRRIS) IRRIS_data_request@utlists.utexas.edu with a request to verify the CIP code ("CIP CODE" in the subject line). Include your contact information, so an IRRIS member may contact you with any questions.

⁴ See footnote ¹A.b. above: 15-20hours are required.

⁵ See footnote ¹B. above

⁶ Note with an asterisk (*) courses that would be added if the transcript-recognized minor is approved. Specify changes to the qualifying courses by noting those no longer qualifying and those now qualifying. (*Add and delete rows as needed.*) If the course numbers and titles change on a regular basis, please indicate the types of courses and number of hours for required for each.
